Explanatory Note

(This does not form part of the notification, but is intended to indicate its general purport.)

The Kerala Minor Mineral Concession Rules, 2015 were issued under Notification No. G. O. (P) 16/2015/ID dated 7th February, 2015 and published as S. R. O. No. 72/2015 in the Kerala Gazette Extraordinary No. 288 dated 7th February, 2015. The distance to be kept from a granite (building stone) quarry to the residential buildings, railway lines, bridges, reservoirs, tanks, rivers etc. has been changed by the Kerala State Pollution Control Board. In order to operate a granite (building stone) quarry, the operator shall obtain the “Consent to operate” from the said Board. Now the Government have understood that there is difference in the distance criteria stipulated by the Kerala State Pollution Control Board from the provisions contained in the Kerala Minor Mineral Concession Rules, 2015, in this respect. Hence in order to make these stipulations similar the Government have decided to ament the rules relating to such distance criteria.

Further, as per the second proviso to rule 12 of the said rules, environmental clearance required under rule 9 shall not be insisted in the case of renewal of quarrying permits in respect of quarries which had valid permit as on 9th January, 2015. This date was chosen for the purpose of providing validity to the permits granted by virtue of G. O. (Ms.) 5/2014/ID dated 10th January, 2014. But it is later understood that the validity of the permits granted consequent to G. O. (Ms.) 144/2012/ID dated 11th December, 2012, had expired much before 9th January, 2015. Such permit holders could not renew their permits without environmental clearance of without amendment of the Kerala Minor Mineral Concession Rules, 2015 by giving exemption for existing quarrying permit holders in producing environmental clearance. In order to overcome this situation Government have decided to amend the second proviso to rule 12.

The notification is intended to achieve the above object.
