### **Explanatory Note**

(This is not part of the notification, but is intended to indicate its general purport.)

The Kerala Minor Mineral Concession Rules 1967 were framed by Government of Kerala to regulate the extraction and movement of all minor minerals in the State. Some provisions of the above rules were amended by Government by issue of notification No. 2571/K2/88/ID dated, 24-1-1989 and was published as S.R.O. No. 147/89 in the Kerala Gazette No. 95 dated 28th January 1989. Considering the present increased market value of the minor minerals and the increased expenditure involved in the regulatory functions under the Act and rules and in order to have strict control over the extraction and transportation of the minor minerals, Government find it necessary to amend the rules by increasing the rates of royalty, other fees for regulatory functions etc. and by including further clauses in the rules.

The notification is intended to achieve the above objective.
